Managing Editor:
Anastasiia Merkis

First Edition
Poznań 2025

The statistical analysis was carried out in collaboration with Ms Aleksandra Łacinowska, MA, who accompanied us throughout the process, providing substantive support, explanations, and demonstrating each stage of the analysis step by step.

The scientific consistency of the translation with the Polish-language version was verified and confirmed by Dr Radosław Wincza.

The authors of this publication are students of WSB Merito University Chorzów

Table of Contents

Acknowledgements.....	7
Abstract	8
1. Introduction	9
1.1. Colour and Its Influence on Emotions (Background and Context).....	9
1.2. Research Aims and Hypotheses.....	10
1.3. Foundations for Introducing Experimental Variants	11
2. Methodology	13
2.1. Aim of the Experiment	13
2.2. Participant Selection.....	13
2.3. Preparation of the Experiment.....	13
2.4. Conducting the Experiment.....	14
2.5. Data Analysis and Comparison of Variants	14
2.5.1. Sample and Participants	14
2.5.2. Procedure and Variants.....	14
2.5.2.1. Description of Questionnaires.....	15
2.5.3. Data Analysis.....	15
2.6. Conclusions	15
3. Results of the Experiment	17
3.1. Results of the Basic Experiment (Six Colours) Concerning the Influence of Colour on the Subjective Perception of Time	17
3.1.1. Subjective Perception of the Duration of Colours	17
3.1.2. Subjective Estimation of Colour Duration	18
3.1.3. Feelings Towards Colours in the Basic Experiment	19
3.2. Experimental Results – Variant 1: Bright and Pastel Presentations with Different Display Sequences.....	21
3.2.1. Results – Bright Presentation Shown First.....	22
3.2.2. Results – Pastel Presentation Shown First	22
3.2.3. Combined Results (Regardless of Order).....	23
3.3. Experimental Results – Variant 2: Smooth Bright and Smooth Pastel Presentations (Fixed Sequence, Pastel Displayed First).....	25
3.3.1. Comparison of Time Perception in the Smooth Bright and Smooth Pastel Presentations.....	25
4. Discussion and Critical Analysis.....	29
4.1. Can Colour Influence the Perception of Time?	29
4.1.1. Why Were These Colours Perceived in This Way?.....	29
4.1.2. Why Were These Colours Perceived in This Way? (Extended Interpretation)	29

4.2. First Experimental Variant (13.06).....	30
4.3. Second Experimental Variant (26/27.10)	30
4.3.1. Why Was Bright Red Judged Longer in the First Version, but Bright Colours Later Perceived as Shorter?.....	30
4.4. Limitations and Challenges	31
4.5. Implications	32
4.6. Future Research.....	32
5. Summary	33
References.....	35
Author Notes.....	36
